## PAUL SCHAEFER CONSTRUCTION, LLC

Quality and Energy Efficiency are what make our 2010 Parade Home a must see. The split bedroom floor plan and walk-out basement has been our most popular home.

Located in Avoca Heights Subdivision in Oakfield, views are fantastic. At 1,766 square feet, once you enter, our home feels much larger with a wide open great room and pellet stove with stone surround.

The kitchen features maple cabinets with crown molding and high definition countertops.

The master bedroom has a box tray ceiling and the master bath has a large walk in tile shower.

The basement is set up for a future rec room or extra bedrooms.
